CAPABILITY STATEMENT

Wireless/WiFi Network technology engineering & architecture firm 18+ years in business providing secure, custom, effective wireless & wired business solutions offering survey, design, installation & support. Wireless WWAN, WAN, Multi-Dwelling Units (MDU), Point-to-Point, Point-to-Multipoint, Multi-Tenant, 4G LTE & 5G wireless LAN.

Indoor/outdoor projects for schools, warehouses, marinas, libraries, hotels, multi-building complexes, construction sites, parks, stadiums and more. Top tier hardware and software partners include but not limited to Nomadix, Cisco Aironet, Cisco Meraki, Aruba Wireless, Ruckus Wireless, Ubiquiti and Juniper.

CORE COMPETENCIES

- Routing & Switching (Cisco Certified)
- Wireless/WiFi RF (Radio Frequency) Engineering
- Wireless/WiFi Network Engineer
- Wireless & Wired Network Engineer
- Secure Wireless/Wifi Guest Services
- Wireless/WiFi Secure Network Design & Onboarding
- Wireless/WiFi Full RF Engineering for WiFi Deployments
- Wireless/WiFi Hi Density & Capacity Planning (Stadiums, Large Venues)
- Router/Switch Installation & Configuration for SME,SMB & Enterprise.
- Mission Critical Network Applications (handhelds & scanners)
- High Availability Networks
- Point-to-Point Wired & Wireless Networks
- Custom Network Designs & Consultations.
- Managed Wireless/WiFi Services
- Expert Engineering & Troubleshooting
- Pre & Post Construction Design

CERTIFICATIONS

- CCNA
- CPCNA
- CPCS
- NETWORK+
- ACSS
- WCNP
- WiSE
- NOMADIX

DIFFERENTIATORS

- Written WiFi Coverage Guarantee
- Proof Of Concept
- Multiple Manufacturers Certified
- 30 Day Limited Trials.
- Easy To Do Business With
- Price Match Guarantee (same product)
- Free Estimates
- Free Shipping

PAST PERFORMANCE /Founder Experience

Palm Harbor Marina

Designed, engineered and installed complete WiFi system for guest and corporate access; routers, switches, controllers, access points, fiber and heat mapping.

Dayton Kennel Club & Poker Room

Designed, engineered and installed complete wired & wireless system for corporate and guest access, POS system and critical mission mobile betting.

S.C.O.R.E. SBA BOCA RATON OFFICE

Designed, engineered and installed a complete WiFi system for guest and corporate access. Rebuild core network routing, switching, firewalling and segment network for different departments.

LAUDERDALE MARINE CENTER

WiFi design and installation for a 65-acre facility including underground fiber to connect the east and west side. Rebuild entire facility network infrastructure routers and switches with Multi-tenant access for onsite business customers.
